

WELCOME TEAM CAPTAINS

Thank you for volunteering to serve as a Team Captain for the 2017 Komen Ozark Paint the Park Pink Family Fun Walk. Without your team's support our promise and mission would not be possible. That promise is to save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find cures. Whether you're a Team Captain veteran or this is your first year, your efforts and leadership are important in our fight against breast cancer.

Our Vision

Komen Ozark Affiliate plays a special role in the promise of creating a world without breast cancer. Our vision is for every person to have access to breast health education, breast cancer screening, treatment and support. We believe that the decision to live or die from breast cancer should not be dictated by your ability to pay or where you live.

Since the inception in 1989, the Ozark Affiliate has awarded over \$10.5 million to local organizations to provide breast health services to under and uninsured men and women in our 10 county service area. In addition to the \$11 million funded locally, over \$3 million has been invested in the Komen National Research Program in search of finding a cure. That means Komen Ozark has invested nearly \$13 million to end breast cancer forever
